## LEGENDS' FONDO

ALL RIDES:  
REST STOPS,  
VEHICLE SUPPORT,  
ROUTE TURN SHEETS,  
& ARROW MARKED STREETS

For 40 years, the REDLANDS BICYCLE CLASSIC has lived by one mantra: "WHERE LEGENDS ARE BORN." And they were born right here — forged on the relentless laps of Sunset Loop, hardened on the grinding climb to Oak Glen, and tested by punchy attacks up Walnut before flying through a gravel kicker to the finish. This is the same pavement where future pros proved themselves... before taking on the elite fields of Europe. Now it's your turn. Take on the legendary climbs. Rip through the thrilling 8-turn figure-8 crit circuit. Attack the gravel. Feel what the pros felt.

Or, if you'd rather soak it in, roll out on a scenic 16-mile ride past the iconic homes and landmarks that make Redlands unforgettable — beautiful, fun, and just challenging enough to leave you smiling. Legends aren't just born here. They ride here.
