B

PUBLIC RACE COURSE "A" (0.65 mi.)
 PRO CRITERIUM COURSE (1.0 MI.)

The 2024 Redlands Bicycle Classic extends a special thanks to the businesses and residents along our Redlands courses. This annual event is held on city streets in various locations and requires that some streets included on the routes be closed to all but emergency vehicles and local residents and businesses while the races are in progress. We are making every effort to provide a safe racing environment for the participants, while causing minimum disruption to the residents of our city. The downtown events, including the Redlands Downtown Criteriums, will take place throughout the day on Saturday and Sunday, April 13 & 14. Set up will begin on Friday, April 12 at 4pm. The routes around the downtown area will be the same as in past years.

- We have a variety of events planned over the weekend, from youth and adult public races to professional world-class cyclists. Cyclists will be traveling along the race route at various times during the race. We encourage you to watch and enjoy the competition. Spectators may walk along the roadways to see and enjoy all aspects of this exciting event. Please feel free to encourage these athletes in their quest to reach the finish line!
- If you anticipate leaving your business or residence during race time, please expect the possibility of a delay until the course is clear of cyclists. At that time, you will be allowed onto the course in the direction of the race and asked to exit the course as soon as possible. If you have a particular problem while getting to a location, please contact the nearest Police Officer or other traffic official.
- If possible, we ask that you please park your vehicle on a street off the course that will enable you to quickly exit the area.
- To reduce the inconvenience to motorists, we have made every effort to place Race Marshals in various locations throughout the course to assist you in getting around. It is most important that any vehicle departures from a driveway onto the race course be assisted by a Race Marshal.
- Loose dogs on a bicycle course present a significant threat to cyclists traveling at speeds in excess of 30 miles an hour. Please ensure that your pet is controlled throughout the event. Please alert gardeners and special delivery people of the potential delays that may be encountered along the race course.

For your convenience we have included a complete list of Road Closures and No Parking Zones. You may also visit our website at www.redlandsclassic.com for a complete list of Race Schedules, road closures, no parking schedules, along with any additional information that you might be interested in. If you have special needs, or are concerned about any aspect of the event, please contact the Redlands Bicycle Classic at info@redlandsclassic.com.

We thank you for your cooperation,
REDLANDS BICYCLE CLASSIC ORGANIZATION
